## “Secrets of Longevity”

### Warren Buffett

Warren Buffett, who is over 90 years old, and his subsidiaries invest in NMN-related industries to enter the "longevity field"

### 李嘉诚 Lee Kah Seng

After Li Kah Seng took the precursor of NMN "Feeling great", and then invested \$25 million in shares

### 李克良 Li Ke Liang

Mr. Li Ke Liang, the former chairman of Maotai, shared his feelings after taking NMN: his sleep became better and his hair became darker

# What is NMN?

## 8 Nobel Laureates Support NMN Theory

NMN is a natural substance generated in human cells, the full name of B-nicotinamide mononucleotide, is the direct precursor of coenzyme (NAD+) closely related to anti-aging. NAD+ in the human body is an important raw material for DNA repair in cells. NAD+ decreases with age, and NMN supplementation can effectively repair cell function in aging organisms

### Academic Achievement:

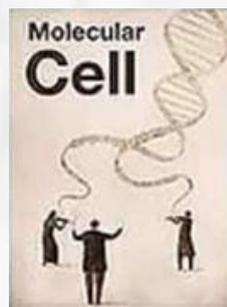

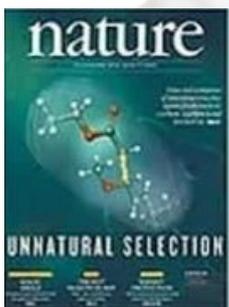

Tenured Professor of Genetics at Harvard Medical School  
Has been awarded over 25 awards, including the Commonwealth of Australia Award, Helen, Whitney Scholarship, Nathan Shock Award, MERIT Award of National Institute of Street Health, Genzyme Outstanding Achievement in Biomedical Sciences. More than 35 patented inventions, including academic awards, biological innovation awards and bright spark awards for top scientists under the age of 40

### Career Achievements:

6 company founders  
Founding Director of the Paul F. Green Center for the Biology of Aging at Harvard Medical School

### Personal influence:

Named one of the 100 Most Influential People by Time Magazine  
The world's most influential synthetic biologist

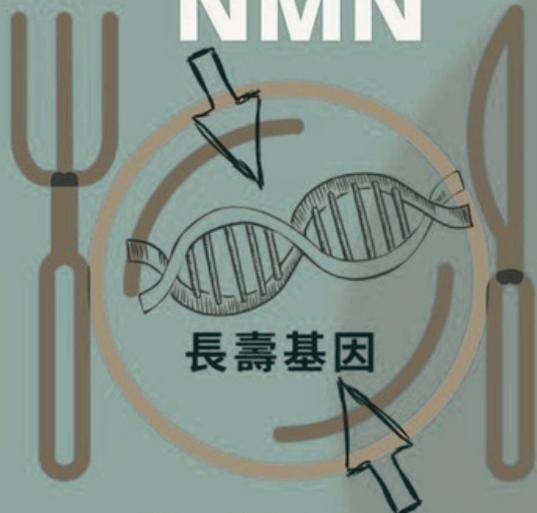

**DAVID  
SINCLAIR**

Serial reports in the world scientific journals "Nature",  
"Science" and "Cell"

Time Magazine Named One of the  
100 Most Influential People

Professor David Sinclair of Harvard University  
published in Cell

# NMN

長壽基因

白藜蘆醇

# DAVID SINCLAIR

The professor also posted on his Tweet the anti-aging "meal list" he eats every day. The professor has been taking resveratrol every day since 2004. More than ten years later, he added NMN to his anti-aging "breakfast". 【NMN and resveratrol - golden anti-aging partner】

According to Professor David Sinclair of Harvard University, NMN works best when used with resveratrol. If the longevity gene Sirtuins were likened to a car, he described resveratrol as an "accelerator" for the Sirtuins gene, which can directly activate its action, and NMN provides the fuel for the longevity gene Sirtuins. Without "fuel", resveratrol will not work. Without the "accelerator", the role of NMN cannot be brought into full play. A combination of the two is more effective than a single formula.

Making good use of the power of longevity genes can change the typical life curve of human beings. People don't necessarily stop growing and lose energy with age, and even being 70, 90, or even over 100 can still feel like they're only 50.

Let's take a good look at the five key technological ingredients of MN+, which is a highly effective immune nutrient that is currently popular in the global medical and scientific circles, and a holy product in health products.

## NMN (NICOTINAMIDE NUCLEOTIDE)

- Anti-aging and anti-aging
- Boost immune system
- Protect DNA genetic factors
- Repair damaged cells
- Raise bases damaged by radiation
- Repair function
- Helping patients repair genes after chemotherapy

## RESVERATROL

- Anti-oxidation
- Anti-Aging
- Anti-cancer
- Reduce inflammation
- Natural fermentation, non-chemical synthesis

# 5 MN+ ANTI-EPIDEMIC PRODUCT 5 INGREDIENTS

## FUCOIDAN

- Improve the immune system
- Inhibit cancer cell angiogenesis
- Induce cancer cells to self-destruct
- Increase the number of autologous stem cells
- Anti-spiral
- Anti-inflammatory
- Increased efficacy and protection after influenza vaccination

## 72<sup>+</sup> ORGANIC MINERALS

- Replenishes minerals that the body has been deficient in for a long time, especially trace minerals
- PH9-10 is alkaline, balances the body's PH value
- High antioxidant capacity to neutralize free radicals
- Helps absorb the nutrients the body needs
- improve the immune system
- Anti-inflammatory
- Clinically proven to help with arthritis

## PQQ (PYRROLOQUINOLINE QUINONE)

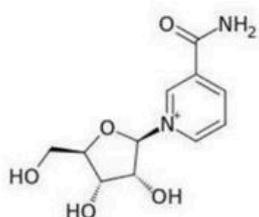

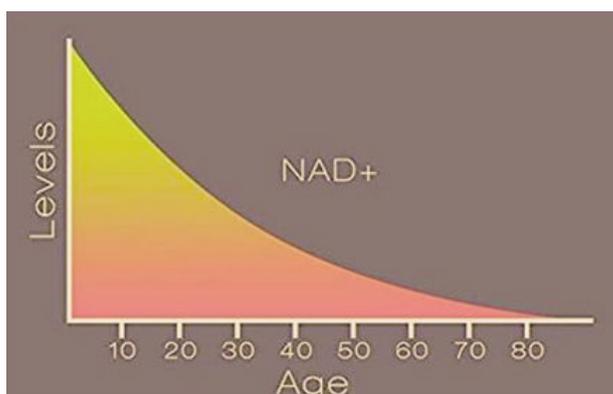

- Helps cells produce more mitochondria
- Anti-aging and anti-aging
- Repair cells
- Protect brain health
- Improve memory and learning ability
- Boost heart health

## WHAT IS NAD<sup>+</sup>?

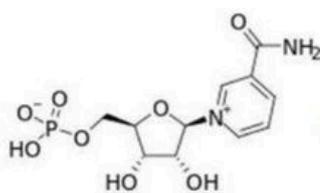

“People will die without NAD<sup>+</sup> for 30 seconds

NAD<sup>+</sup> levels decline with aging

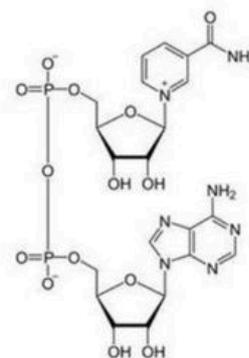

NMN is the predecessor of NAD<sup>+</sup>,  
Supplement NMN = Supplement NAD<sup>+</sup>

NR

NMN

NAD<sup>+</sup>

NAD<sup>+</sup> Biosynthetic Pathway

## Rev-AGE NMN

## Japanese Patent Technology NMN Nicotinamide Nucleotide

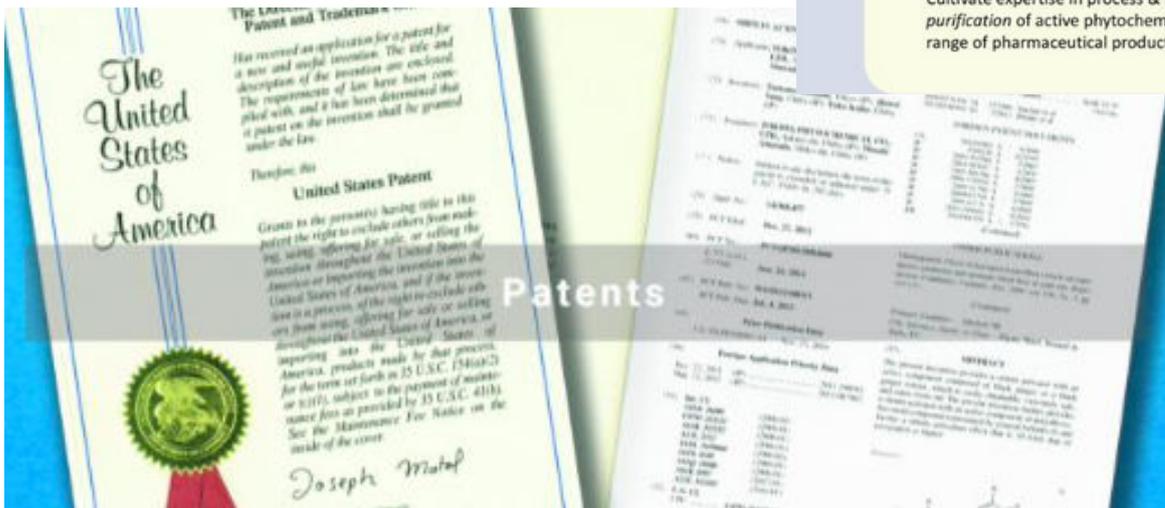

- The only 6 US patents and 2 Japanese patents in the world
- Anti-aging and anti-aging throughout the body, improve NAD+ level
- Boost immune system
- Protect DNA genetic factors
- Repair damaged cells
- Improve the repair ability of genes damaged by radiation
- Helping patients repair genes after chemotherapy
- Start the fountain of youth
- Harvard professor David Sinclair has done clinical trials to prove that it can reverse age.
- 8 Nobel Laureates Support NAD+ Anti-Aging Philosophy
- Combine with resveratrol + PQQ for best results

### Background

- Established since 1949 by Dr. Jin Matsuo, former head of the National Institute of Health in Japan
- Specialized in phytochemistry
- Cultivate expertise in process & technology of extraction, separation & purification of active phytochemical compounds for development of wide range of pharmaceutical products in global

# Veri-te RESVERATROL

- Anti-oxidation
- Anti-Aging
- Reduce inflammation
- Natural fermentation, non-chemical synthesis
- Double the effect with NMN + PQQ

Pure, high quality resveratrol that you can trust.

**resveratrol re-imagined™**

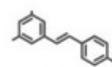

Veri-te<sup>™</sup> RESVERATROL

EVOLyA

**Veri-te™ resveratrol is produced using an innovative yeast fermentation process.**

This means our trans-resveratrol is:

PURE: >98% pure

SAFE: free of contaminants (such as Emodin and PAHs)

RELIABLE: Produced at metric ton scale with a consistent batch process in place

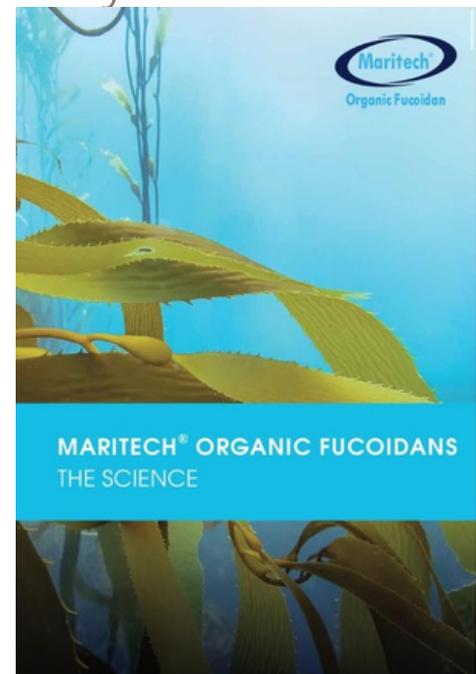

VERSATILE: off-white and odorless

# ORGANIC FUCOIDAN

After a number of clinical trials have confirmed the following efficacy

- Improve the immune system.
- Inhibits angiogenesis of cancer cells.
- Anti-lung cancer, liver cancer, colorectal cancer, breast cancer, prostate cancer, ovarian cancer, pancreatic cancer, oral cancer and so on.
- Induce cancer cells to self-destruct.
- Increase the number of autologous stem cells.
- Anti-Spiral.
- Anti-inflammatory.
- Increased efficacy and protection after influenza vaccination
- Antiviral, Antibacterial, Antiaging, Antitumor etc...

72

# 72+ ORGANIC MINERALS

Aquamin, a pollution-free seaweed sourced from the Atlantic Ocean, is rich in calcium, magnesium and 74 other trace minerals, including zinc, iron and selenium. It is produced by red algae and extracted with a patented technology. It is found in only three places in the world, including Ireland and the southwest coast of Iceland. During their five-year lifespan, these algae absorb important minerals from the ocean - giving Aquamin a unique multi-mineral content.

- Supplement minerals that the body has been deficient in for a long time, especially trace minerals.
- PH9-10 is alkaline, balances the body's PH value
- High antioxidant capacity to neutralize free radicals
- Helps absorb the nutrients the body needs
- Improve the immune system
- Anti-inflammatory
- Detox
- Clinically proven to help with arthritis

# PQQ PYRROLOQUINOLINE QUINONE

Tiny organs inside cells -- mitochondria -- work hard every day to convert the food you consume into energy. But with age, the number of mitochondria naturally decreases. A molecule found in your body called pyrroloquinoline quinone, or PQQ for short, has many health benefits, especially boosting mitochondrial production. PQQ is considered an all-natural "fountain of youth" that activates your mitochondria, making a huge contribution to your health and longevity.

Mitochondria are the "energy-producing factories" in cells. In fact, all the energy used to maintain bodily functions comes from these tiny organelles. As we age, the number of healthy mitochondria in the body decreases.

According to some studies, PQQ helps cells produce more mitochondria. Although human research

Research is limited, but at least one clinical trial found that PQQ supplementation enhanced mitochondrial function. Individuals taking PQQ had enhanced mitochondrial function in just three days!

- Helps cells produce more mitochondria
- Anti-aging and anti-aging
- Repair cells
- Protect brain health
- Improve memory and learning ability
- Boost heart health
- Improve sleeping
- Promote metabolism
- Increase energy and energy
- Promote liver function and repair liver cells
- With NMN + Resveratrol to achieve best effect !

Component	PQQ+	PQQ-
Mitochondria	~18%	~10%
Nucleus	~12%	~14%
